Backend Frameworks: Node.js, FastAPI, Express.js

Databases: PostgreSQL, MySQL, MongoDB

Developer Tools: Git, GitHub, Docker

Experience

Full Stack Developer Intern

Jan 2025 – Present

INK IT SOLUTIONS

Remote

- Engineered and launched a **Training and Placement portal** adopted by over **700 students** and **40 recruiters**, streamlining the placement process across the university.
- Built and optimized *RESTful APIs* that automated student registration and managed placement tracking, cutting administrative workload by **40%**.
- Expanded and upgraded the application's architecture using **Next.js, Prisma, and MongoDB**, supporting a **500%** surge in user activity with zero downtime and boosting performance by **40%**.
- Incorporated a *Google Gemini AI-powered chatbot*, improving student support response time by **75%**.
- Tech Stack:* **Next.js, React.js, MongoDB, Prisma ORM, Gemini-API.**

Freelance Full Stack Developer

Jun 2024 – Dec 2024

Self Employed

Chh. Sambhajnagar, MH

- Developed and delivered a robust business website for **Furniture Studio**, expanding online customer engagement and driving a **20%** increase in inquiries.
- Revamped manual Excel processes by designing a scalable Inventory Management System; minimized data entry errors by **50%** and reduced reporting time by **25%**.
- Applied secure RESTful APIs and enforced JWT-based role-based authentication, safeguarding sensitive business data for over **15 internal users**.
- Tech Stack:* **Next.js, React.js, Framer Motion, Shadcn UI, MongoDB, Prisma ORM.**

Projects

AI-Story-Generator | Python, FastAPI, React, PostgreSQL, Langchain

[link](#)

- Built an end-to-end AI-powered story generator with a React front-end and FastAPI back-end, enabling dynamic story creation and management for dozens of unique users.
- Enforced modular architecture and automated database migrations with Alembic, ensuring seamless deployment and scalability.
- Applied Pydantic models for robust data validation, expediting new feature rollouts by **30%**.

AI-Fitness-Coach | Next.js, React.js, TypeScript, Google-GenAI

[link](#)

- Developed modular and responsive UI components, increasing engagement by **50%**.
- Designed and launched RESTful API endpoints for tailored AI-generated diet/workout plans using Next.js serverless functions.

Custom Phone Case E-Commerce | Next.js, React, TypeScript, PostgreSQL, Prisma ORM

[link](#)

- Built a full-stack e-commerce platform with secure authentication and real-time order tracking for a seamless checkout.
- Integrated NextAuth.js and optimized architecture with Next.js, React, and Prisma ORM for robust data management.

Leadership / Extracurricular

Led a team to develop and deploy a **university-wide training and placement portal**, improving processes for **700+ students** and **40 recruiters**

Secured a client through proactive social media outreach and led the team to deliver a fully functional end product fulfilling client requirements.
